

Customer Report

UNITED TEXTILES FZE, UAE

UNITEX TEXTILE FZE, located in Fujairah, UAE is the largest and most important spinning factory in the Emirates.

The project of implementing a modern conditioning plant did not only focus on pure production criteria but also on environmental, safety and handling.

The decision was made for a fully automatic CONDIBOX TUNNEL installation with two doors and automatic loading and unloading system.

The equipment includes also a packing and weighing system, so that pallets that are processed leave the factory duly identified and wrapped, ready for shipment.

Easy loading on the chain transport system ensure high work place safety standard.
